

Local Enterprise Week is organised by Cavan County Council's Local Enterprise Office and provides a great opportunity for owner/managers of local enterprises to attend a range of seminars and events relevant to their business.

It also provides an excellent opportunity to network with other local entrepreneurs and key national and local agencies. We would encourage you to take the time to attend one or more of the events being organised.

Local Enterprise Office Cavan (LEO Cavan) as part of Cavan County Council, provides a full information and advisory service to new and existing entrepreneurs on all aspects of setting up and running a business.

LEO Cavan serves as a first stop shop to provide support and services to those starting and growing a business in the county. Information on our supports and services are available on our website [www.localenterprise.ie/cavan](http://www.localenterprise.ie/cavan)

Some of our key supports include:

- Business Information, Advice & Referral
- Enterprise Skills Training
- Mentoring Programme
- Financial Assistance
- Management Development Programme
- Business Networking Initiatives

LEO Cavan promotes enterprise awareness across the county, collaborating and working in partnership with businesses, community groups, schools and other local and national enterprise agencies.
