

German Market-How to Prepare for a Meeting with Potential Investors

Dr Samson Fung

Dr Samson Fung is the Managing Director of Fung Consulting and Founder and CEO of Susavox Investments, a private investment first firm focused on financial investments in start-ups. Dr Fung is also the CEO and Managing Director of Volvox Therapeutics.

He spent almost 15 years in various roles in the pharmaceutical and biotech industry having worked with Roche, Novartis, Pharmacia/Pfizer, Novo Nordisk and AstraZeneca.

Joanne Thiele

Joanne Thiele previously held various commercial positions at Pfizer in Germany. In 2008 she moved to TEVA, where she was marketing team leader responsible for the biosimilar portfolio.

From 2014 she worked at IQVIA initially within Market Access and subsequently headed the Patient Support Team for the DACH region from 2016 to 2021. Joanne joined the digital health company HealthBeacon in February 2021 and leads the business in the German speaking region.

Dr Henrik Matthies

Dr Henrik Matthies is a serial entrepreneur and Managing Director of the Health Innovation Hub, Berlin, think tank and sparring partner for the digital transformation of the German healthcare sector to the Federal Ministry of Health and all other national stakeholders.

Henrik also co-founded and managed two larger tech-companies, Jodel and Mimi Hearing Technologies. The latter became a pioneer of digital health and digital prevention in Germany and Europe.
